INBRACE™

Support that surrounds you with care.

Patient Support Program

Support for patients who are prescribed INGREZZA® (valbenazine) capsules

The **INBRACE™ Support Program** is designed to help patients who are prescribed INGREZZA. From reimbursement verification and financial assistance to prescription fulfillment and product support, the program assists your patients and their caregivers—so they can focus on treatment goals.

The program includes:

- Reimbursement assistance (eg, benefits investigation, prior authorization and appeals process)
- Prescription fulfillment
- Product education and adherence support
- Financial assistance

INGREZZA® (valbenazine) capsules | Savings Program

$0

Eligible patients may qualify for a $0 copay on their INGREZZA prescription*

*This offer is valid only for patients who have commercial (nongovernment funded) insurance. Additional terms and conditions apply.

INGREZZA Start Program

INGREZZA free trial (37-day supply) is available for new patients

This program is not contingent on a purchase of any kind. Product dispensed under this free trial program may not be submitted for reimbursement to any third-party payer. We reserve the right to modify or cancel the program at any time.

For patients without insurance coverage for INGREZZA

Eligible patients who are uninsured and lack the financial resources to pay for their medicine may be able to receive their prescription at no cost through the INGREZZA Patient Assistance Program.

For additional information, visit www.inbracesupportprogram.com or call 84-INGREZZA (844-647-3992), 8 AM to 8 PM ET, Monday through Friday.

INGREZZA® (valbenazine) capsules

The Prescription Process for INGREZZA® (valbenazine) capsules

Enrollment

Here are the simple steps to prescribe INGREZZA and enroll your patients in the INBRACE Support program:

- Download the Treatment Form* at www.inbracesupportprogram.com
- Submit completed form via fax (**844-394-7155**) or email† to the INBRACE Support Program

Delivery

A specialty pharmacy will arrange next-day shipping of the INGREZZA prescription directly to your patient, at a location of their choosing.

Benefit Verification

The specialty pharmacy selected will perform the benefit investigations and help you navigate the prior authorization process.

Follow-up

Enrolled patients may receive periodic calls from a Nurse Case Manager as well as monthly calls from a specialty pharmacy to refill their prescription.

INGREZZA Is Available Through Specialty Pharmacies

Neurocrine Biosciences has contracted with a small network of specialty pharmacies that will help ensure timely delivery of INGREZZA directly to your patients.

7 PRESCRIBER CERTIFICATION

I certify that the information provided in this INGREZZA® (valbenazine) capsules Treatment Form is complete and accurate to the best of my knowledge, I have prescribed INGREZZA based on my judgment of medical necessity, and I will supervise the patient's medical treatment. I certify that I have obtained my patient's written authorization in accordance with applicable state and federal law including the Health Insurance Portability and Accountability Act of 1996 and its implementing regulations to provide the individually identifiable health information on this form to agents and service providers of Neurocrine Biosciences, Inc. (including, but not limited to, Sonexus Health LLC and INGREZZA dispensing pharmacies) for benefits eligibility, coverage authorization and coordination and dispensing of INGREZZA. I authorize the forwarding of this prescription and information to a dispensing specialty pharmacy. I understand that neither I nor the patient should seek reimbursement for any free or discounted product received under the program. If the patient has requested shipment to my office, I agree not to receive any compensation for dispensing the product and I will clearly label and dispense only for use by the patient.

Prescriber Signature: Michael Smith | Date: 02/02/0000
(Original signature required - *If required by applicable law, please attach copies of all prescriptions on official state prescription forms)

INGREZZA® (valbenazine) capsules

Important Information

INDICATION & USAGE

INGREZZA (valbenazine) capsules is indicated for the treatment of adults with tardive dyskinesia.

IMPORTANT SAFETY INFORMATION

WARNINGS & PRECAUTIONS

Somnolence

INGREZZA can cause somnolence. Patients should not perform activities requiring mental alertness such as operating a motor vehicle or operating hazardous machinery until they know how they will be affected by INGREZZA.

QT Prolongation

INGREZZA may prolong the QT interval, although the degree of QT prolongation is not clinically significant at concentrations expected with recommended dosing. INGREZZA should be avoided in patients with congenital long QT syndrome or with arrhythmias associated with a prolonged QT interval. For patients at increased risk of a prolonged QT interval, assess the QT interval before increasing the dosage.

ADVERSE REACTIONS

The most common adverse reaction (≥5% and twice the rate of placebo) is somnolence. Other adverse reactions (≥2% and >placebo) include: anticholinergic effects, balance disorders/falls, headache, akathisia, vomiting, nausea, and arthralgia.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit MedWatch at www.fda.gov/medwatch or call 1-800-FDA-1088.

Please see attached INGREZZA full Prescribing Information or visit www.INGREZZA.com/HCP
