

When you are prescribed INGREZZA<sup>®</sup>,  
the INBRACE<sup>®</sup> Support Program is  
here to help

**INBRACE<sup>®</sup>**  
SUPPORT PROGRAM

Specialty and local pharmacies will verify your insurance coverage and work with your provider to complete any additional paperwork required by your insurance.

### Specialty Pharmacy Option

You may get INGREZZA from a specialty pharmacy, which is a pharmacy that deals with medicines that may not be available at your local retail pharmacy.

Once coverage has been authorized, the specialty pharmacy will call you to arrange shipment of INGREZZA directly to a location of your choosing via overnight delivery. Someone will need to sign for the prescription at the time of delivery. For some people, INGREZZA will be shipped to an alternate care partner or your healthcare provider's office.

### Local Pharmacy Option

Your provider may use a local affiliated pharmacy with access to INGREZZA to fill your prescription.

### Answer Your Phone

As mentioned above, the pharmacy will be calling you to discuss delivery and other important information about INGREZZA. These calls may come from an unidentified toll-free number, so be sure to **answer your phone or return the call**.

## INGREZZA Savings Program

If you have health insurance from your employer, or insurance that you purchased on your own, you may be eligible for the INGREZZA Savings Program.

**You may be eligible for a \$0 copay on your INGREZZA prescription.\***

\*This offer is valid only for patients with commercial (nongovernment-funded) insurance. Additional [terms and conditions](#) apply.

or call 1-84-INGREZZA (1-844-647-3992), 8 AM – 8 PM ET, Monday through Friday.

One capsule,  
once a day

Take any  
time

With or  
without food

People taking INGREZZA for tardive dyskinesia (TD) can stay on their current dose of most mental health medicines.

## IMPORTANT INFORMATION

### Approved Use

INGREZZA<sup>®</sup> (valbenazine) capsules is a prescription medicine used to treat adults with movements in the face, tongue, or other body parts that cannot be controlled (tardive dyskinesia).

It is not known if INGREZZA is safe and effective in children.

## IMPORTANT SAFETY INFORMATION

### Do not take INGREZZA if you:

- are allergic to valbenazine, or any of the ingredients in INGREZZA.

### INGREZZA may cause serious side effects, including:

- **Sleepiness (somnolence).** Do not drive, operate heavy machinery, or do other dangerous activities until you know how INGREZZA affects you.
- **Heart rhythm problems (QT prolongation).** INGREZZA may cause a heart problem known as QT prolongation.

#### Symptoms of QT prolongation may include:

- fast, slow, or irregular heartbeat
- shortness of breath
- dizziness or fainting

**Tell your healthcare provider right away if you have a change in your heartbeat (a fast or irregular heartbeat), or if you faint.**

- **Abnormal movements (Parkinson-like).** Symptoms include: shaking, body stiffness, trouble moving or walking, or keeping your balance.

**Before taking INGREZZA, tell your healthcare provider about all of your medical conditions including if you:** have liver or heart problems, are pregnant or plan to become pregnant, or are breastfeeding or plan to breastfeed.

**Tell your healthcare provider about all the medicines you take,** including prescription and over-the-counter medicines, vitamins, and herbal supplements.

**The most common side effect of INGREZZA is sleepiness (somnolence). Other side effects include** changes in balance (balance problems, dizziness) or an increased risk of falls, headache, feelings of restlessness, dry mouth, constipation, and blurred vision.

These are not all of the possible side effects of INGREZZA. Call your doctor for medical advice about side effects. You are encouraged to report negative side effects of prescription drugs to the FDA. Visit MedWatch at [www.fda.gov/medwatch](http://www.fda.gov/medwatch) or call 1-800-FDA-1088.
