

When your healthcare provider starts you on INGREZZA[®] (valbenazine) capsules, the **INBRACE[®] Support Program** is here to help.

The INBRACE Support Program is designed to help patients who are prescribed INGREZZA by assisting with prescription fulfillment, and providing financial assistance options and product support.

You may get INGREZZA from a specialty pharmacy, which is a pharmacy that deals with medicines that may not be available at your local retail pharmacy. The specialty pharmacy will verify your insurance coverage and work with your provider to complete any additional paperwork required by your insurance.

Once coverage has been authorized, the specialty pharmacy will call you to arrange shipment of INGREZZA directly to a location of your choosing via free overnight delivery. Someone will need to sign for the prescription at the time of delivery. (For some people, INGREZZA will be shipped to an alternate care partner or your healthcare provider's office.)

It's possible that your provider may use a local affiliated pharmacy with access to INGREZZA to fill your prescription. The pharmacy will verify your insurance coverage and work with your provider to complete any additional paperwork required by your insurance.

ANSWER YOUR PHONE

As mentioned above, the pharmacy will be calling you to discuss delivery and other important information about INGREZZA.
