

Many paths, one goal:
Access for every patient
prescribed INGREZZA

Dedicated Network of Pharmacies

Choose from our carefully
selected network of pharmacies
for timely delivery

Pharmacy Network

- Amber Specialty Pharmacy
- Orsini Specialty Pharmacy
- PANTHERx Rare
- Genoa Healthcare Pharmacy
- Select local pharmacies

The selected pharmacy will
verify patient benefits

Helping patients start and stay on INGREZZA
has never been easier

Your Neurocrine representative can provide you
with contact information for local pharmacy options.
ePrescribe is available for all listed national pharmacies.

STEP 1

Prescribe INGREZZA

Two ways to prescribe

Use the Treatment Form

- Enrolls patients into the INBRACE® Support Program
- Serves as their prescription for INGREZZA through one of the national specialty pharmacies (SPs)

The INGREZZA Treatment Form serves as an INGREZZA prescription

ePrescribe

- ePrescribe to our dedicated network of pharmacies

To help ensure timely access and delivery, INGREZZA is available **only** through a select network of specialty and closed-door pharmacies

STEP 2

Navigate Access

Prior Authorizations (PAs)

PA requirements and documentation vary by health plan but may include:

- A diagnosis code
- Rationale for use of alternative therapy
- Documented treatment failures
- Baseline Abnormal Involuntary Movement Scale (AIMS) scores and follow-up AIMS scores

Help with PA Process

- The selected pharmacy will help you navigate the PA process

Contact one of our Regional Patient Access Managers (RPAMs) who are ready to help you navigate access to INGREZZA, including education on the PA process, an understanding of local payer coverage, and training on CoverMyMeds®

By streamlining the PA process, CoverMyMeds helps providers and pharmacists get patients the medication they need

STEP 3

Support for Fulfillment

Delivery

The selected SP will contact the patient to schedule shipment and collect applicable copays.

- The SP will arrange next-day shipping directly to patients at a location of their choosing
- If using a local pharmacy, that pharmacy will work with the patient to fill their prescription

Managing Refills

The selected SP will contact the patient to schedule shipment for refills and collect applicable copays.

- Patients receive monthly calls from the SP to refill their prescriptions and schedule shipments
- When ePrescribing, you have the option to receive and respond to any refill requests the pharmacy sends
- Practices may find it helpful to note the SP in the patient's chart for future refills

Inform patients that the chosen SP may call for delivery or refill information and that it is important to answer the phone or return the call

INGREZZA coverage is approved for more than **8 of 10 patients nationwide**¹

\$10 or less out of pocket is what most patients pay for INGREZZA²

Many paths, one goal: Access for every patient prescribed INGREZZA

Financial assistance options may be available to help your patients start and stay on treatment:

INGREZZA Savings Program[†]

Eligible patients may pay as little as a **\$0 copay** on their INGREZZA prescription

[†] This offer is valid only for patients with commercial (nongovernment-funded) insurance. Additional terms and conditions apply.

INGREZZA Patient Assistance Program[‡]

Eligible patients with no insurance -or- no prescription coverage for INGREZZA may be able to receive their prescription at no cost

[‡] Additional terms and conditions apply.

INBRACE offers comprehensive access resources to help your patients get INGREZZA

Call your RPAM to help you navigate access to INGREZZA or **1-84-INGREZZA (1-844-647-3992)**, 8 am to 8 pm ET, Monday through Friday, or visit INBRACEsupportprogram.com/INGREZZAhcp to learn more
